

Educational traditions since 1872

Institute of Chemistry and Chemical Technologies of Lviv Polytechnic National University (Lviv, Ukraine)

Lviv Polytechnic National University is the oldest technical higher educational institution of Ukraine and Eastern Europe

It was founded in 1816

lpnu.ua

Institute of Chemistry and Chemical Technologies
is a part of Lviv Polytechnic. Chemical and technological
education was established at the University in **1872**

lpnu.ua/en/icct, icct.org.ua

Departments of Institute of Chemistry and Chemical Technologies

- Department of Chemical Engineering
- Department of Chemical Technology of Oil and Gas Processing
- Department of Chemical Technology of Plastics Processing
- Department of Chemical Technology of Silicate Materials
- Department of Organic Chemistry
- Department of Organic Products Technology
- Department of Physical, Analytical and General Chemistry
- Department of Technology of Biologically Active Substances, Pharmacy and Biotechnology
- Department of Chemistry and Technology of Inorganic Substances

icct.org.ua/departments

Bachelors, Masters and Postgraduate students are being trained in 6 main specialties:

- Chemistry
- Chemical technologies and engineering
- Biotechnology and bioengineering
- Biomedical engineering
- Food technologies
- Pharmacy and industrial pharmacy

icct.org.ua/enrollee

Institute of Chemistry and Chemical Technologies has everything
for students' **qualified training...**

...and interesting **leisure time** –
exhibitions, cultural events, conferences, excursions, open lectures

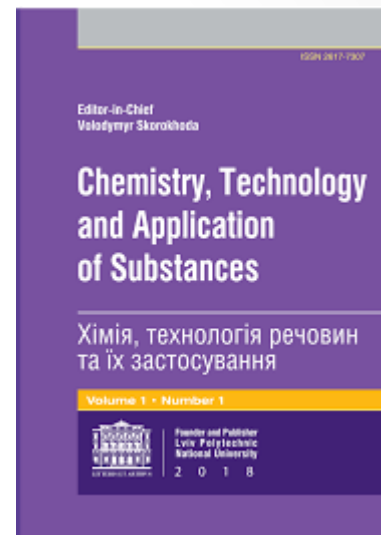

For scientists and staff Institute is publishing **journals...**

Chemistry & Chemical Technology
(Indexation: Scopus, WoS)

science2016.lp.edu.ua/chcht

**Chemistry, Technology and
Application of Substances**
(Indexation: Index Copernicus)

science.lpnu.ua/ctas

...and organizing scientific conferences:

Chemical Technology and Engineering
